

Ministry of Education of the Republic of Belarus
Branch of Educational establishment
“Polotsk State Forest College”
For College Entrants
Specialization
“Forestry with assignment of qualification
“Technician”
(full-time and correspondent form of training)
Regulations of Admissions

For the entrants there is a contest of education certificates (for the entrants who have general secondary education (GSE) with marks not lower than 4 (four) in special subject (Mathematics) in their certificates;

The full-time students are accepted:

-entrants who have general basic education (GBE), (training period is 3 years and 5 months);

-entrants who have general secondary education (GSE), (training period is 2 years and 5 months);

Correspondence students are accepted:

-entrants who have general secondary education (GSE), (training period is 3 years and 4 months);

The entrants who work in the field of their chosen qualification can be accepted for the correspondent education at the expense of the budget.

The applicants can be accepted for training based on the target direction. The basis for participation in the contest for the target place is a contract drawn up between the entrant and the state organization or the local executive administrative authority interested in the target training triplicate. A separate competition is held for admission to these places.

List of Documents:

-application in accordance with the established form;

-education certificate (in original) and its enclosures;

-medical certificate in accordance with the established form (should be written “able to study in the College getting specialization “Forestry”); and certificate of vaccination;

-six photos 3x4;

-extract from the work-book (for correspondent form of training stamped with the date of issue and the record “currently working”);

-documents giving the right for the privilege for admission (original or notarized cope);

-the contract between the entrant and the target training customer (for the entrants participating in the competition for the places) 3 copies;

-resolution of the state organization of adjusting-stimulating education and rehabilitation of recommendation for training in an institution providing a special education (for the visually impaired, hearing impaired, physically disabled), should be written “able to study in the College getting specialization “Forestry”;

-certificates confirmed Belarusian nationality (for the Belarusians who are citizens of foreign countries);

-characteristic (for entrants on a full-time form of education);

-passport, military ID or the military registration card, birth certificate **should be personally submitted to the selection committee.**

During college studies you can get one of the working professions:

-tree feller of the 6-th category
